# Mountview Hotel – so much more than just a Hotel!

## Relax!

Heatherlea is **THE** place for top quality birding holidays in Scotland. Great guiding and personal care from our crack team earns us five stars from visitScotland, and our guides are known far and wide for their birding skills. At Heatherlea you stay in our own three star Small Hotel, enjoy meals prepared by experienced chefs, and travel in minibuses which are great mobile hides, as we take you to the best birding spots across the Highlands and Islands.

## Heatherlea offer much more than a hotel, our fully inclusive guided holidays deliver the real experience INCLUDING the wildlife!

Prefer to 'do it yourself'? You might be surprised how much you spend on extras, including petrol, guides, lunches, ferries, evening wildlife watches and access to reserves. All these things are included with Heatherlea. 'Mainland Scotland' holidays are based in Nethy Bridge, and often take you to a second centre for your convenience, in places as far away as Orkney, Mull, and the Isles of Lewis and Harris, where wildlife is special. All travel, accommodation and food is included. We think our holidays offer terrific value compared to 'do it yourself' options.

Above all, your holiday includes a Heatherlea Guide! Highly skilled birders and real 'people people', Ian Ford, Toby Green, Rob Jordan, Phil Knott, Jonny Pott and Dave Pullan have all been leading in Scotland for many years. From briefing on the first evening to round-up on the last, your guide plans the entire holiday, organising everything to suit wildlife, weather and your progress through the week. Our in-house knowledge is unbeatable, and your Guide knows where the birds have been showing, and the best route to maximise your chances. We think you will see far more with a Heatherlea Guide than under your own steam, and of course you can relax and enjoy yourself. Come and see how our guides make all the difference!

*Join Heatherlea, and discover your gateway to Scottish birds and wildlife!*

## MAINLAND SCOTLAND HOLIDAYS

### New Year Birdlist Booster Jan 3, Jan 10, Jan 17, Jan 24

This holiday is great fun, rounding up as many birds as possible for your new birdlist. We seek the 'Scottish specials' first, then northern birds at the coast and any available rarities. You don't have to be a 'lister' to enjoy this holiday, it's great fun for all.

**Price £895pp Advance Booking price £870pp - Save £25.**

▶ **'Been Before' Bonus save an extra £25.**

### Short breaks – Scottish birding in Winter Jan 31, Feb 3, Feb 7, Feb 10

Three day, four night short breaks for busy birders! Our days are categorised as 'speciality', 'eagle' and 'coastal', as we enjoy a rewarding few days of winter birding in the far north. SPECIAL '2-for-1' OFFER – see page 9 for details.

**Price £545pp Advance Booking price £520pp - Save £25.**

▶ **'Been Before' Bonus save an extra £25.**

### Highland Winter Birding Feb 14, 21, 28

Wild landscapes and solitude (you won't see many other birders!) with exceptional birding on this unique holiday; the very best in Scottish winter birding. Features an exciting expedition to coastal locations in the very far north, where we stay overnight.

**Price £1095pp Advance Booking price £945pp - Save £150.**

▶ **'Been Before' Bonus save an extra £25.**

### The Top 20 in spring Mar 7, Mar 14

Both eagles, Otter and Pine Marten on the west coast, where early dusk and shortage of natural food means we watch wildlife at times convenient to ourselves. Ptarmigan, Capercaillie, Black Grouse, Dolphins, Red Squirrel, Mountain Hare, the list is long!

**Price £1095pp Advance Booking price £995pp - Save £100.**

▶ **'Been Before' Bonus save an extra £25.**

## Highlands and Mull Mar 21, Mar 28

Early spring in the Highlands is a great time for the 'specials'. Add an overnight on Mull, and this becomes a really cost effective way to see Scotland's special birds in one holiday. Winter visitors and early spring birds complete a big birdlist.

**Price £1095pp Advance Booking price £1045pp - Save £50.**

▶ **'Been Before' Bonus save an extra £25.**

## Spring into Scotland including Mull Apr 4, Apr 11, Apr 18

Perhaps the ultimate spring wildlife experience in Scotland, including an overnight stay on the west coast and a full day on Mull. Speciality birds are breeding, winter birds are still here in good numbers, summer visitors arrive daily. Ever popular!

**Price £1095pp Advance Booking price £1045pp - Save £50.**

▶ **'Been Before' Bonus save an extra £25.**

## Highlands and Skye Apr 25, May 2

Two nights on Skye as we enjoy eagles, otter and a birding boat-trip amid spectacular scenery. All the birds of the mainland too, with many summer visitors arriving. An exciting way to include Skye in your Scottish birding experience!

**Price £1195pp Advance Booking price £1145pp - Save £50.**

▶ **'Been Before' Bonus save an extra £25.**

## Birding the Highlands in May May 9, May 16

A gently-paced holiday for those who want to see the specialities without too much travelling. We are based at Mountview Hotel for a full week, featuring all the key breeding birds, and including a boat trip to the Gannetry at Troup Head.

**Price £1095pp**

▶ **'Been Before' Bonus save an extra £25.**

## High Season across the Highlands May 23, May 30, Jun 6

Glorious Handa Island is a great day out, and we stay overnight on the west to see White-tailed Eagle too. Dotterel join Ptarmigan on the hills, and with all the birds settled for the season, this is classic birding. One of our most popular trips!

**Price £1095pp Advance Booking price £1045pp - Save £50.**

▶ **'Been Before' Bonus save an extra £25.**

## Highlands and Orkney Jun 13

Visit Orkney's key birding places in summer, where breeding Short-eared Owl, Hen Harrier and Black-tailed Godwit are found. Also includes breeding auks, skuas, and other seabirds, eagles, woodland species and more on this great trip.

**Price £1195pp Advance Booking price £1045pp - Save £150.**

▶ **'Been Before' Bonus save an extra £25.**

## NEW! The 'Outer Limits' in summer June 20

An exciting new holiday, including the rugged beauty of Lewis and Harris, recently voted the best island destinations in Europe! Birds of forest, mountain and glen too.

**Price £1195pp**

▶ **'Been Before' Bonus save an extra £25.**

## Highland Wildlife Jun 27, Jul 4

Birds, mammals, insects and flora on this unique and highly rewarding holiday, aimed squarely at the natural history all-rounder. Many species found only in the north of Scotland (or very rare further south) make this a fascinating holiday.

**Price £1095pp Advance Booking price £1045pp - Save £50.**

▶ **'Been Before' Bonus save an extra £25.**

## NEW! Short Breaks – Scottish birding in summer Jun 27, Jun 30, July 4, July 7

Three day, four night short breaks for busy birders! Our days are categorised as 'local/mountain', 'eagle' and 'coastal', as we enjoy a rewarding few days of summer birding.

**Price £545pp Advance Booking price £520pp - Save £25.**

▶ **'Been Before' Bonus save an extra £25.**

## Eagles, Divers and Dotterel Jul 11, Jul 18

The best British birding in July? Both eagles on Mull, Dotterel and Ptarmigan on the tops, divers in breeding plumage inland – great birding! We stay overnight on Mull, seek Caper with chicks in our private estate, and visit the Gannets at Troup Head.

**Price £1095pp Advance Booking price £1045pp - Save £50.**

▶ **'Been Before' Bonus save an extra £25.**

## The Top 30 in Summer Jul 25, Aug 1

Ever popular, featuring the birds and mammals of a Highland summer. Great fun on the west coast, where Basking Shark are now regular, and Minke Whale, Bottle-nosed Dolphin and Common Porpoise add a strong cetacean element. Crammed with birds and mammals!

**Price £1195pp Advance Booking price £1095pp - Save**

▶ **'Been Before' Bonus save an extra £25.**

## High summer wildlife by land and sea Aug 8, Aug 15

Birds and sealife during the height of summer, featuring boat trips east and west of northern Scotland for dolphins and whales, plus all the special birds and early autumn migration. A thoroughly enjoyable exploration of wildlife by land and sea.

**Price £1095pp Advance Booking price £995pp - Save £100.**

▶ **'Been Before' Bonus save an extra £25.**

## Specials and migration featuring 'The Burma Bank' Aug 22, Aug 29

Sabine's Gull, Sooty Shearwater and much more on 'the Burma Bank', Scotland's newest birding hotspot, now available with Heatherlea! With early migration and all the specialities, this is a very exciting itinerary.

**Price £1145pp Advance Booking price £1045pp - Save £100.**

▶ **'Been Before' Bonus save an extra £25.**

## Migration and Scottish Specials Sept 5, Sept 12

With migration now in full swing this holiday can yield shearwaters, waders, skuas and petrels on our ferry trip to the Outer Hebrides - expect the unexpected! Plus of course our resident specialities including Caper, Blackcock, Crestie, Ptarmigan, and both eagles.

**Price £1095pp Advance Booking price £1045pp - Save £50.**

▶ **'Been Before' Bonus save an extra £25.**

## The Outer Limits Adventure Sept 19, Sept 26, Oct 3

Including two nights on the Outer Hebrides, this is an exceptional itinerary at the 'outer limits' of Scottish birding, including two nights on Lewis. On other days we seek all the specialities of the Highlands. Outstanding scenery and great birding.

**Price £1195pp Advance Booking price £1145pp - Save £50.**

▶ **'Been Before' Bonus save an extra £25.**

## The Top 20 in Autumn Oct 10, Oct 17

An extraordinary autumn holiday for those who love mammals and birds. Both eagles, otters, pine marten, badgers from a warm hide, Capercaillie, Black Grouse and seaduck are just some of the highlights. See reports on our website!

**Price £1095pp Advance Booking price £995pp - Save £100.**

▶ **'Been Before' Bonus save an extra £25.**

## Late Autumn in the Highlands Oct 24, Oct 31

Autumn in northern Scotland is a wonderful birding time. We have Caper, Blackcock, Crested Tit, Scottish (Parrot) Crossbill and Golden Eagle inland, seaduck flocks are at maximum volume, and this is an excellent time for geese and rarities.

**Price £1095pp Advance Booking price £995pp - Save £100.**

▶ **'Been Before' Bonus save an extra £25.**

## Short breaks – Scottish birding in Autumn Nov 7, Nov 10, Nov 14, Nov 17

# FOCUS ON .....

Birding in the north of Scotland is wonderful in winter. With shorter days, less food in the wild, and less human disturbance, winter is a time when we can get really good sightings. The weather is often surprisingly good, and we enjoy a wide range of birding habitats, from white Ptarmigan on the high tops to many thousands of wintering birds at the coast. This is a time to see the real Scotland, still largely unspoilt, undeveloped, and with unbelievable wildlife.

We are open every week, and our holidays include travel by comfortable minibus, all access fees and the knowledge of Heatherlea's capable and enthusiastic guides. Back home at our 3-star Hotel, we offer great food, comfortable accommodation including a warm open fire, and a fully licenced Hotel - everything you need!

Key birdlife includes Capercaillie, Black Grouse, Golden Eagle, Ptarmigan, Crested Tit, Scottish (Parrot) Crossbill, White-tailed Eagle and Red Grouse, all of which are resident throughout the winter.

Our itineraries change with the season, and winter visitors and residents include Whooper Swan, Pink-footed Goose, Greylag Goose, Greater Scaup, Long-tailed Duck, Common Scoter, Velvet Scoter, Red-breasted Merganser, Goosander, Red Grouse, Red-throated Diver, Black-throated Diver, Great Northern Diver, Slavonian Grebe, Red Kite, Purple Sandpiper, Iceland Gull, Dipper, Hooded Crow, Raven, Tree Sparrow, Twite, Redpoll, Snow Bunting, Yellowhammer and Corn Bunting. You should see most of these whenever you join us during these months. In recent years we have also seen Bean Goose, Barnacle Goose, Brent Goose, Pintail, King Eider, Surf Scoter, Grey Partridge, Hen Harrier, Goshawk, Merlin, Peregrine, Golden Plover, Spotted Redshank, Glaucous Gull, Waxwing, Great Grey Shrike, Brambling and Common Crossbill during the winter, and rarities have included Ross's Goose, Red-breasted Goose, American Wigeon, Green-winged Teal, American Black Duck, Ring-necked Duck, Black Scoter, White-billed Diver, Red-necked Grebe, Great Bittern, Greater Yellowlegs, Bonaparte's Gull, Ring-billed Gull, Ross's Gull, Ivory Gull and Little Auk.

As the year turns, divers and grebes move inland, and the first migrating passerines begin to arrive. We also include mammals, especially during our 'Top 20' weeks, when Pine Marten, Badger and Otter are key species. At any time, you should see Red Squirrel (virtually guaranteed on our feeders during breakfast), and Red Deer, Roe Deer, Mountain Hare, and Bottle-nosed Dolphin, both seals, and maybe Stoat in ermine too.

*Enjoy a great winter birding holiday  
in the north of Scotland with Heatherlea!*

# NEWS Join Phil Knott and Toby Green as they go birding in Scotland!

Heatherlea guides Phil and Toby both live here in the Cairngorms National Park, and when not with Heatherlea guests are usually birding for themselves. Here are a few highlights from their adventures in 2014.

## Let's talk 'Capercaillie'

Heatherlea have a great record for finding the 'Horse of the Forest', and our guides do a lot of work behind the scenes to increase our chances.

Phil: *'One morning in April, we stopped north of Carrbridge as a male bird flew ahead of us. It landed about 100 metres into the woods, and all in the lead minibus got good views. Unfortunately my bus wasn't so lucky, and most missed it. We went off to carry on birding nearby, and I rang Toby to tell him the news. Although not guiding clients that day, he came out for a look almost immediately, but didn't find the bird. Toby doesn't give up easily, and around 4pm I got a text – two females had flown into the same area! We were only a couple of miles away, so rushed round and this time everyone got both birds – many thanks to Toby!'*

## The Cairngorm Snowy Owl (September 2014)

Toby: *'I heard about this bird from a local contact, so decided to take a look. The bird was a long way from the summit of Cairngorm, but once located was very easy to see. A sub-adult male, this owl took my breath away in the barren but stunning surroundings. I didn't want to disturb the bird, so stayed about 400 metres away, though I was very pleased to take this pic with my telephoto lens. After watching the bird for nearly an hour I headed back over the plateau and was treated to a stunning flock of 30 Snow Bunting to cap a fine day out. If the owl comes a bit nearer, we will show it to our guests too of course, so here's hoping!'*

See front page for Toby's Snowy Owl photo.

## Favourite bits with clients?

Phil: *'This year, it has to be the early September 'Burma Bank' holiday. We had all the specials with superb views by lunchtime on the third day, and 135 species over the week.'*

*On the Burma Bank day we had great Minke Whale, Common Dolphin, Harbour Porpoise, Arctic and Great Skua, Storm Petrel and Manx Shearwater with cripplingly close juvenile White-tailed Eagle on the Shiantis. We had a fantastic day out, capped off with an Otter and 62 Black-throated Divers in a favourite bay on our way home. Guest highlights for week included Ospreys fishing so close we could hear the splash as they hit the water and the Nairn 'pig pool' (a little-known hotspot) was superb for Curlew Sandpiper, Ruff and Little Stint. Our very next visit produced a Pectoral Sandpiper!'*

Toby: *'My favourite trip with clients this season was to St Kilda, especially pulling into Village Bay at midnight. We enjoyed a stunning crossing surrounded by Storm Petrels, Manx Shearwater and several pods of Common and Rissos Dolphin, then had the privilege of two days on Hirta, watching skuas and thousands of Puffin. The week continued in that vein with a visit to the Monarch Isles and Taransay, and then wonderful close views of both White-tailed and Golden Eagle in a remote Harris sea loch, oh and finding Bog Orchid on Taransay was pretty special too!'*

Phil and Toby are looking forward to 2015, see **'Follow that Guide!'** on page 12.

# Short Breaks - Ideal for busy birders!

Although we are about to begin our 25th season of birding holidays here in Scotland, it has come to our attention that some of you have never been to Heatherlea, and others haven't joined us for quite some time. We want to celebrate our special anniversary by welcoming as many people as possible to our award winning Hotel in Nethy Bridge, where we hope for a fantastic holiday, full of great days in the field as we show you the special birdlife.

For a limited period, we are offering you the chance to join a tremendous short birding break on a **'TWO-for-ONE'** basis. That means two people can enjoy four nights comfortable accommodation, including dinner, breakfast and packed lunch, plus three exciting days birding with a Heatherlea Guide in our minibus, for just £545! We will seek all the speciality birds including Capercaillie, Golden Eagle, Crested Tit, Black Grouse and many more, including at least one visit to the bird-rich Moray coastline.

## Short breaks – Scottish birding in Winter

Price £545pp no single supplement.

# 2015 SCOTTISH ISLAND holidays

## Birding on the islands and far west coast.

These very popular holidays offer carefully designed itineraries. Each takes you to the right place at the right time, and in 2015 we offer more choice than ever, with many new and exciting itineraries. All are run at a leisurely pace, though we might move a bit faster with rare birds in our sights!

Transfers from Nethy Bridge are included in most, and you may book an extra night's stay at either end of your holiday. If driving, your vehicle may be left safely parked at Mountview Hotel free of charge, and if using public transport we offer a morning courtesy bus to Aviemore links. As an alternative you can join the holiday at a convenient point closer to our destination.

Tremendous value! This is often the most economical way to visit the remotest parts of Scotland – our holidays make it easy and give you real savings.

**NB – many are filling fast.**  
The best way to secure your Scottish Island Adventure is to book as soon as possible!

# FOCUS ON ..... **NEW!** Birds of the Highlands and Islands

**Price: £1495pp ssupp £160**

**Dates:**

**Sat 18 April – Sat 25 April**

**Sat 18 July – Sat 25 July**

This exciting new grand tour aims to find many of the most sought-after birds of the Scottish Highlands and Islands. Aimed at the busy birder who wants to see the specialities of the mainland and also visit key islands on the same holiday, this is a great way to cover some of Scotland's best birds and destinations in just one week. As usual, Heatherlea provide all minibus travel, ferries, accommodation and expert guiding. Here is an outline of our spring tour, for the summer tour please see our website.

**Spring Tour (18 – 25 April)**

We begin in Strathspey on the first full day, looking for iconic Scottish speciality birds, including Black Grouse, Red- and Black-throated Diver, Osprey, Red Squirrel, Crested Tit and Scottish (Parrot) Crossbill. We search for Capercaillie in our exclusive private estate woodlands, and our success rate at this time of year is excellent. Staying inside our large minibus gives us an excellent chance of seeing both male and female birds. The next morning we look to round up any species missed before travelling to Skye, seeking Ptarmigan en-route. While on Skye we search for both White-tailed and Golden Eagle, Hen Harrier, Short-eared Owl and Otter.

Next we return to the Scottish mainland and head south to Morvern for an overnight stay before crossing to Mull, where migration should be well under way. Whimbrel, Great Northern Diver, Slavonian Grebe and Twite are just some of the birds, and of course both eagle species and Otter are also found on Mull. We return via good sites for Black Guillemot and Hooded Crow, for our final night close to rail and road links.

Our focus is strictly on birding, though we should also see Otter, Red Squirrel, Red and Roe Deer, and both Grey and Common Seal. The pace is easy, though our optional search for Ptarmigan requires some hillwalking (though many have seen the birds more easily, sometimes from inside the minibus!) Hotels are en-suite, private and homely.

# Overseas birding and wildlife holidays

## Do it the Heatherlea way!

Our overseas holidays are booking rapidly next year, our thanks to those who have already chosen Heatherlea! We have a reputation for being 'less-intensive', and all itineraries are planned carefully so you see memorable wildlife, whilst enjoying relaxed, informal days that are great fun. Our holidays are not 'dawn to dusk' expeditions, and we take sensible breaks when in very hot places and regular comfort breaks on every holiday.

Every holiday is run the 'Heatherlea way', for guests who we consider friends as well as clients. That means rewarding and exciting days in the field, in the company of capable Leaders who really look after you, and good quality accommodation and meals, with a real flavour of the country we are visiting. Please take a close look for great holiday content at very attractive prices - wherever you want to go!

## PRE-FLIGHT SERVICES – latest update

With Heatherlea, your overnight hotel room pre-flight is included. If you need car parking, we can organise it for you, to make your airport experience easier. The following morning, enjoy a VIP Airport Lounge, and arrive at the departure gate already relaxed, and ready for your holiday. On some long-haul holidays, namely Cuba, Arizona Nepal, India, Senegal and Goa, the relevant field guide is also included.

Next time you have an early flight, a stopover or are in transit, why not get a few hours to relax, refresh, connect and sleep before your onward journey? Ask our office for details.

## GATWICK HOTEL

For most departures we use a hotel adjacent to North Terminal. Our record from bedroom to check-in terminal is three minutes! No hopper bus, no waiting at the hotel front door, no tour of other airport hotels on a cramped bus .... and Heatherlea book and pay for it too!

## NEW! SECURITY FAST TRACK\*

When you arrive at departures, show your lounge voucher at the 'fast track' lane, and skip the queues! You can reach the shops and your VIP Lounge sooner! \*please note fast track is subject to availability on the day of travel.

## NEW! CABINS INSIDE THE AIRPORT TERMINAL

Heatherlea now offer a great hotel experience **inside the airport**. 'Cabins' give you the ultimate experience of being only minutes away from departures and arrival gates. These cabins are small but smartly designed so that everything is at your fingertips, simple and easy to use. 'Food to Go' is available, and you can also get complimentary hot drinks; coffee, tea and hot chocolate. They are very comfortable, bookable by the hour, and have free TV and Wifi. Kevin says *'I had several hours to kill on my return from Cuba this year, so instead of trying to get comfortable in the public places, I booked one of these cabins inside the terminal at Gatwick. It was fantastic, I grabbed a few hours' sleep, and felt much better by the time I joined my connecting flight. I know our clients will love these cabins!'*

## Don't forget, when comparing Heatherlea prices with others;

- ✓ pre-flight airport hotel INCLUDED^
- ✓ pre-flight VIP lounge entry INCLUDED^
- ✓ departure tax (several long-haul destinations) INCLUDED
- ✓ birding Field Guide (six destinations in 2015) INCLUDED
- ✓ major tips to Hotels and local guides INCLUDED (whip-rounds for drivers/guides always encouraged, but not compulsory).
- ✓ a 'feel' of the country and other benefits INCLUDED. This might be a tour of Havana, tea in the Sahara, internal flights in countries where roads aren't great, tavern lunches .... **The list goes on!**

^ price reduction if not needed or unavailable.

# Winter and early spring – still time to join us!

## GAMBIA

9 Jan - 16 Jan 2015

**£1845pp, £180 single supplement.**

Heatherlea Guide Ian Ford plus Kevin Shaw and local guide.

Max group size 12.

Departures from London Gatwick.

The Gambia is a superb option for British birders because it offers the nearest forest jungle to the UK, is readily accessible, reasonably priced, and with easy birding and comfortable hotels close to the airport. This holiday is a simple and straightforward introduction to African birding, and is based almost entirely at the bird-rich coastal strip, largely considered safe and friendly. The Gambia is usually dry and sunny when we visit, so we will be flexible, switching between sites.

Birding promises to be exceptional, beginning in our hotel grounds and spreading to such sites as the famous Abuko Nature Reserve, marvellous Lamin Lodge, the village of Brufut, bustling Tanji, scrubby open woods at Turjering, the Faraba-Banta Bush Track (better known as the 'Raptor Track'), and a visit one hour inland to Marakissa Rivercamp, a top destination which has a greater diversity of species than anywhere else we visit. As usual, we shall be keeping an eye on the general wildlife of the area including some spectacular butterflies and reptiles, Nile Monitor Lizard, and monkeys such as Green Vervet and Red Colobus.

## HOLLAND and FLANDERS *by train,*

Eurostar to Brussels, then great winter birding.

Sat 7 Feb – Sat 14 Feb 2015

**£1395pp, £110 single supplement.**

Heatherlea Leader Josef Leestmans, plus another from our team with more than seven clients. Max group size 12 clients.

Some of you really hate flying! Join our Holland and Flanders trip by train to Brussels, where we visit the best places to see geese, including Red-breasted, White-fronted, Lesser White-fronted, Dark-bellied Brent, and 'tundra' Bean, with Snow Goose a distinct possibility. Seaduck include Smew, all three egrets, Eurasian Spoonbill and the first returning Black-tailed Godwits. Woodlands hold five woodpeckers including Black, and Middle- and Lesser-spotted. Crested Tit, Firecrest, Great Grey Shrike and Woodlark overwinter. Many raptors include White-tailed Eagle, Marsh and Hen Harrier, Short-eared Owl and rarities perhaps including Rough-legged Buzzard. Other birds of note might include Caspian Gull, Bearded Tit, Bittern, Crested Lark and Serin. Exciting overseas birding, and not far away on the train!

## CROATIA

23 Apr - 30 Apr 2015

**£1695pp, £140 single supplement.**

Leader Gerard Gorman. Max group size 12 clients. Flights from London Gatwick

Something different, on a relaxed and non-intensive holiday with many sought-after birds to delight us. Key species include Rock Partridge, Pygmy Cormorant, Rock Thrush, Scops Owl, and a wide range of southern European species. Squacco, Purple and Night Heron, White Stork, Black-winged Stilt, Spotted Redshank, Wood Sandpiper, Ruff, Glossy Ibis, Stone Curlew, Short-toed Eagle, Golden Eagle, Montagu's Harrier, Ferruginous Duck, Garganey, Grey-headed and Middle-spotted Woodpecker,

Wryneck, Hoopoe, 'real' Rock Dove, Alpine Swift, Crag Martin, Red-rumped Swallow, Rock Nuthatch, Tawny Pipit, Short-toed Treecreeper, Black Redstart, Blue Rock Thrush, Black-eared Wheatear, Sombre Tit, Subalpine, Orphean, Great Reed, Wood, Fan-tailed and Cetti's Warbler, Woodchat Shrike, Bee-eater, Golden Oriole, Hawfinch, Serin, Rock Bunting and Cirl Bunting to name but some of the avian delights. We stay in comfortable en-suite accommodation, visiting Crna Mlaka, the Krka National Park, Lake Vrana and Pag Island, and Paklenica National Park.

# NEPAL

16 March – 28 March 2015 (second departure, brochure dates now full).

**£2995pp, £295 single supplement.**

**Optional Everest/Kathmandu sightseeing extension add £260pp**

Guides - Kevin Shaw plus local guides including Suchit Basnet, one of the country's top guides – we have friends in high places!  
Max 12 guests.

Nepal is a fantastic country for the wildlife enthusiast, and this holiday is ideal for the visitor who wants a relaxing experience of birds, mammals, landscape and lifestyle. We travel in spring, when temperatures are beginning to rise, and lowland areas can be warm.

We should see wintering wetland birds, passerines from Siberia and high Himalayan breeders migrating to lowlands, plus the extra interest of early summer migrants. Expect well over 200 species as we move across Nepal's well-forested lowlands, enjoying a pleasant climate and splendid views of the foothills, including woodpeckers, minivets, warblers, flycatchers, laughing-thrushes, yuhinas, fulvettas, sunbirds, flowerpeckers, just to name a few! Elsewhere we spend time looking for rare Ibisbill, and expect delightful species such as Red-flanked Bluetail, Siberian Rubythroat and Wallcreeper. Other fantastic birds include Cutia, Swamp Francolin, Tickell's Red-breasted Blue Flycatcher and many more.

We focus on the best lowland habitats, including Nepal's two finest reserves, Chitwan NP and Koshi Tappu Wildlife Reserve. We have time to thoroughly explore both reserves at a gentle pace. This holiday has a secondary focus on mammals particularly at Chitwan, where we explore by jeep, elephant, rubber boat and on foot. This way we have maximum chances to see other wildlife, especially endangered royal Bengal Tiger and Great One-horned (Indian) Rhinoceros. Tigers move mostly during the cooler night, morning and evenings whereas rhino prefer grasslands to graze, and take to water holes when hot.

We also spend another very rewarding day birding in the Kathmandu Valley, as we drive close to the 2740-metre summit of Phulchowki, where our birdlist will grow quickly. Above all we take our time on a relaxing and enjoyable holiday, filled with wildlife.

An important extra on this holiday is our internal flight back from the east of the country. This may not seem important before you travel, and many competitor itineraries don't include it, but this flight saves a lot of 'road-time' at the end of the holiday, and we are certain once in Nepal you will be relieved to avoid the long drive to Kathmandu. You may also enjoy spectacular scenic views from the aircraft, and on a clear day can see the Himalayan Range, including the summit of Mount Everest (see photo below!).

At the end we offer an optional extension, featuring a thrilling Everest panoramic mountain flight, plus a most worthwhile visit to Kathmandu's monumental sites; highly recommended!

# Overseas 2015

Max 12 clients on most holidays (we might take 13 clients when the last to book are a couple). Some are now full or nearly full – please phone or email to check details.
